# How to Grow Community

## Example: SAP Community

**2.8M** community users  
**287,000** visits per day  
**993,479** questions answered  
**117,002** blog posts available

The screenshot shows a 'Questions' section with a dropdown menu (Latest, Trending, Latest, Most Voted) and a list of questions. Below it is a 'Communities to Explore' section listing various SAP-related communities. At the bottom, there is a 'Featured Community Topics' section with icons for SAP Cloud Platform, SAP S/4 HANA Cloud, SAP C/4 HANA, SAP Analytics Cloud, Database & Data Management, and SAP Business One.

## Promote and Reward

- ✦ Promote your community
  - Via website, social, email, sales reps, partners et al
- ✦ Create “ambassador” program
  - Experts help influence topics covered and are a source of ideas, opinions, etc.
  - “Badge” for online profiles, CV
  - Encourage them to promote and engage
- ✦ Reward contributors
  - E.g., Reddit upvotes, community awards, etc.

## Example: Intel Community Recognition

A screenshot of the IBM Community website. The header includes the IBM logo, 'Community' with a dropdown arrow, a search bar, and user icons. The main content area features a dark blue background with a network diagram and the text: 'A collaborative community space for IBM users. Being part of a community means collaborating, sharing knowledge and supporting one another in our everyday challenges. Together, we can connect via forums, blogs, files and face-to-face networking to empower one another to put smart to work. Find your community.' There is a 'Sign in / join' button and a 'Follow us' link with a Twitter icon.
